

Hello all together,

We are the class 8c, an outreach class of the Astrid-Lindgren-School in Willstätt-Hesselhurst, Germany. This is a school for pupils with a mental disability.

Our class consists of 5 students at the age of 14 to 17 years.

At the moment we are located in a regular secondary school in Bodersweier. Here we just started different cooperation with the classes 8b and 8a in subjects as biology and domestic economy/ cooking.

We are planning a Comenius project named

“How I am included and how to cooperate with people in my region, school and in society”, which shall start next year.”

We could talk about the exact topics at a meeting in one of our countries in november or December 2012.

So if you are interested in arranging a project like this together please send me a mail (baumgaertnerk@web.de).

We are really looking forward to receive any response,

Best regards

Karin Baumgärtner/ class 8c
